National High Five Day

Each year on the third Thursday in April, we observe National High Five Day. This is a fun day where you can “High Five” everyone that you see.

Folklore fills the hallowed halls of sports stadiums concerning the origins of the high five. From the basketball to the volleyball court and baseball stadium, the sports metaphor has been well worn on this topic.

The two most well-known claims take place in less than a two-year time span.

During the last 1977 regular season Dodgers’ game, Dusty Baker hit the home run that made the team the first in history to have four players with at least 30 regular-season home runs each. As Baker rounded third and headed home, Glenn Burke waited at home plate to congratulate him. In a moment that is Dodgers history but was never televised, Burke greeted his teammate by raising his hand, and they slapped hands in a victorious high five.

QUESTION OF THE DAY

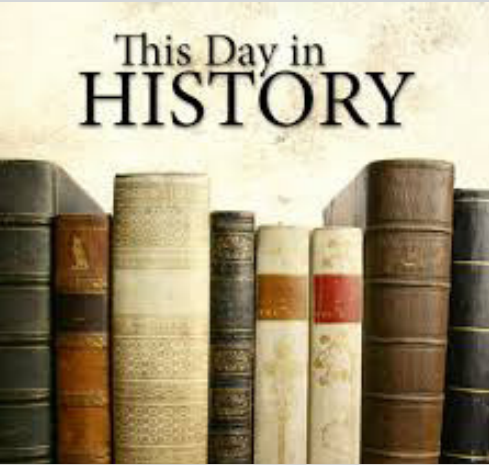

Which is the lowest point of land on Earth?

And the answer: the Dead Sea.

Also known as the Salt Sea, the Dead Sea has the lowest elevation and is the lowest body of water on earth. It is eight-to-nine times saltier than oceans and is famous for humans being able to float on the surface.

Located along the border of Israel and Jordan, the Dead Sea is one of the most unique, naturally-occurring phenomena on Earth. Aside from microorganisms and algae, the Dead Sea is not able to sustain any form of life. You read that right: no seaweed, fish or whales can be found anywhere in the Dead Sea’s turquoise waters.

Legendary Megawatt Star Prince Dies At 57

On the morning of April 21, 2016, Prince, the polymathic musician who created more than 30 albums and won seven Grammy Awards over a 40-year career, is found dead in Paisley Park, his Minnesota home and recording studio. The cause of death was an accidental overdose of the opioid fentanyl. He was 57 years old.

In the hours and days after the news broke, fans around the world mourned his death with massive memorials. In a statement, President Obama said, “Few artists have influenced the sound and trajectory of popular music more distinctly, or touched quite so many people with their talent.”

Prince Rogers Nelson was born on June 7, 1958, in Minneapolis, to musicians Mattie Shaw and John Nelson. As a teenager, Prince played in bands with his friends. In 1978, when he was 20, he signed his first record contract with Warner Bros., and that same year released his debut album, For You. Nearly every year after that he released a new album.

Reflections on the Water

Friends of Minsi Lake cordially invites the public to an exhibit of local photographer Lisa Newberry's beautiful images of Minsi Lake at Bangor Area High School Performing Arts Theater from 5:00-7:00 p.m. on Saturday, April 23. The theater is located next to the baseball field at 123 Five Points Richmond Road, Bangor, PA 18013.

Sixteen photographs of Lisa's choice will be framed and mounted on display panels on the theater balcony, while many more of her photos of scenery at Minsi Lake will be shown on continuous loop inside the theater.

"I started spending many early mornings at Minsi to find peace and connect with nature," Newberry said. "In those times, I find such an appreciation for the beauty and wonder all around the lake. The camera became a tool that opened my eyes to the things we tend to overlook in our busy day to day lives."

Complimentary refreshments will be served on the theater balcony, from with amazing views of Blue Mountain and Delaware Water Gap. The photo exhibit is free-of-charge. However, Friends of Minsi Lake accept donations to support their efforts to improve natural and recreational resources at Minsi Lake and the Minsi Lake Greenway.

The friends group will also be collecting contact information to share news and updates with exhibit attendees throughout the rest of the year. A drawing will be held for door prizes of Lisa's framed photographs.

For more information about Friends of Minsi Lake, call 610-829-6404 or find them on Facebook at www.facebook.com/MinsiLake.

We Look Higher

The Slate Belt Heritage Center, Bangor, PA will give a glimpse into the African American experience in the Slate Belt in a new book and exhibit, starting April 30th.

A small community of African Americans settled in the upper tier of Northampton County from 1880-1970. Their story is told in a book and exhibit available to the public April 30th. You will discover why people left their old homelands and moved to a new place, how they dealt with challenges but kept their identity, what contributions they made to American life and how they were part of the waves of people who found a home in the Slate Belt.

The new book, The African American Experience in the Slate Belt by Jennie Dubin-Rodin, will be available for sale at the Center for \$20.00.

You can also enjoy refreshed exhibits that feature early Slate Belt History, from the Lenape to the European settlers who established villages like Flicksville, to the waves of 19th and 20th century European immigrants that found employment in the slate, textile and garment industries and built local municipalities. The new firefighting exhibit features antique apparatus from the Slate Belt's

golden industrial age.
