# National Public Sleeping Day

If you're tired on February 28th, it might be because National Public Sleeping Day encourages a mid-day nap right where you are. It is a day for anyone and everyone to take a nap on a blanket at the beach, at the park, in the movie theater, on a bus, train, or subway or any other public place that may work for you. However, it may not be a good idea to take that nap at your desk during work!

## Types of Naps

There are different types of naps. The Power Nap is approximately 10 to 20 minutes long and can give a boost of energy to get us through the rest of the day. It also doesn't leave us drowsy like some longer naps might and will also allow us to fall asleep at a decent time at night.

The Hangover is about 30 minutes long, 10 too many, leaving us loopy and wanting just to stay asleep. We will snap out of it and feel much like we had a Power Nap, but it may take a bit of effort before we feel those benefits.

# QUESTION OF THE DAY

The Queen Alexandra's Birdwing is the largest species of which kind of animal?

And the answer: butterfly.

Native to the forests of eastern Papua New Guinea, the Queen Alexandra's Birdwing is the largest butterfly in the world. Their wingspans can reach almost a foot across.

First discovered in 1906, the Queen Alexandra's Birdwing was named in honor of Britain's queen, Alexandra of Denmark. The naturalist who discovered it, Albert Stewart Meek, immediately recognized that he had found something new: its wingspan was massive, almost reaching a full foot, and its colors were striking. He found that male butterflies were slightly smaller than the females, but much brighter in color—with blue and green markings and a yellow abdomen.

# First NATO Military Action

In the first military action in the 45-year history of the North Atlantic Treaty Organization (NATO), U.S. fighter planes shoot down four Serbian warplanes engaged in a bombing mission in violation of Bosnia's no-fly zone.

The United States, 10 European countries, and Canada founded NATO in 1949 as a safeguard against Soviet aggression. With the end of the Cold War, NATO members approved the use of its military forces for peacekeeping missions in countries outside the alliance and in 1994 agreed to enforce U.N. resolutions enacted to bring about an end to the bloody conflict in the former Yugoslavia.

In 1994 and 1995, NATO planes enforced the no-fly zone

over Bosnia-Herzegovina and struck at Bosnian Serb military positions and airfields on a number of occasions.

On December 20, 1995, NATO began the mass deployment of 60,000 troops to enforce the Dayton peace accords, signed in Paris by the leaders of the former Yugoslavia on December 14.

Northampton County has a 24-hour Emergency hotline for all Human Services-related emergencies. Anyone struggling with a mental health crisis, abuse, neglect, suicidal thoughts, evictions, substance abuse, food insecurity, etc. can call 610-252-9060 for help and referrals.

## Appointments Required for Vaccines at LVHN

Lehigh Valley, Pa. (Oct. 29, 2021) – Beginning Monday, Nov. 1, Lehigh Valley Health Network (LVHN) will offer COVID-19 vaccinations, including booster shots, through appointment only. Walk-in vaccinations are no longer available at this time.

They have made this change in response to an increased demand for vaccines and booster shots, and in anticipation of the Pfizer/BioNTech vaccine receiving emergency use authorization (EUA) for children ages 5-11. Appointment-only vaccinations support the safety and experience of those receiving vaccines under our care, allowing our clinicians to adequately plan and prepare for the number of individuals expected at each location.

You can schedule an appointment for a booster dose or first dose by calling our vaccine hotline at 833-584-6283 (833-LVHN-CVD) Monday-Friday, 8:30 a.m.-5:30 p.m. or by using MyLVHN, our patient portal.

## Think Spring! Trout Stocking Schedules Available

The Pennsylvania Fish and Boat Commission (PFBC) announced this week its 2022 trout stocking schedules are now available online (<https://www.fishandboat.com/Fish/Stocking/Pages/default.aspx>) and on the FishBoatPA mobile app.  
The PFBC will stock approximately 3.2 million adult trout in 696 streams and 128 lakes open to public angling. This includes approximately 2.2 million Rainbow Trout, 686,000 Brown Trout and 293,000 Brook Trout. As with past practice, the average size of the trout produced for stocking is 11 inches in length with an average weight of 0.58 pounds.  
Volunteers will once again be welcome to participate in stocking activities. Stocking is set to begin the week of Feb. 21 in advance of the statewide Mentored Youth Trout Day on Saturday, March 26, and the statewide opening day of trout season on Saturday, April 2.  
The 2022 adult trout stocking schedule is searchable by county, lists the waterways in alphabetical order, and indicates stocking dates and the species of trout that will be stocked.
