# National Handwriting Day

National Handwriting Day on January 23rd encourages us to put pen to paper and write out our thoughts. According to the Writing Instrument Manufacturers Association, it is a chance for all to re-explore the purity and power of handwriting.

While technology speeds up the writing process and makes communication more efficient worldwide, there’s something to be said for writing thoughts longhand. Whether it’s a journal, notes, or even a letter to someone, the act of writing with pen and paper is a supremely tactile and patient practice. If it does anything, it forces the body and the mind to slow down and resynchronize.

Look around. In mere seconds, letters and words form when we text or email. Phones transmit our voices in real time. Once sent or said, those words cannot be recalled.

Meanwhile, writing longhand feels like taking a deep breath. Jumbled thoughts must be sorted before the ink spills onto a white page. They must count and be worthy of the lines that will fill it.

# QUESTION OF THE DAY

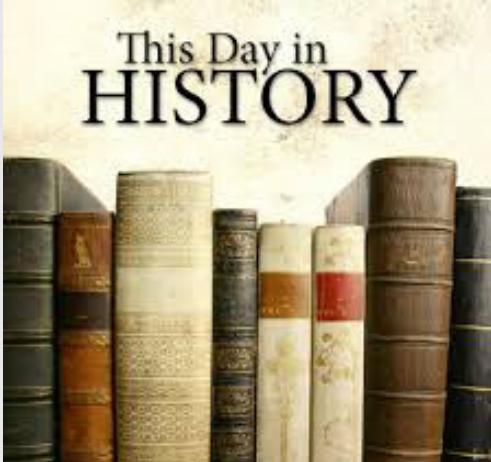

Thinking of animals, what’s the largest member of the weasel family?

And the answer: the wolverine.

Members of the weasel family are called mustelids, and they have long tube-shaped bodies, short legs, and strong thick necks with small heads. With their brown fur, big claws, and muscular bodies, wolverines are often mistaken for bears, but they’re actually large weasels. Other members of the weasel family include otters, ferrets, and badgers

Though they might belong to the weasel family, wolverines are fierce creatures. Known to take down animals like caribou, moose and even grizzly bears — animals which are all over 20 times their size — wolverines have adapted to extremely cold climates and take prey where it can be found.

# Toy Company Wham-O Produces First Frisbees

On January 23, 1957, machines at the Wham-O toy company roll out the first batch of their aerodynamic plastic discs—now known to millions of fans all over the world as Frisbees.

The story of the Frisbee began in Bridgeport, Connecticut, where William Frisbie opened the Frisbie Pie Company in 1871. Students from nearby universities would throw the empty pie tins to each other, yelling “Frisbie!” as they let go. In 1948, Walter Frederick Morrison and his partner Warren Francioni invented a plastic version of the disc called the “Flying Saucer” that could fly further and more accurately than the tin pie plates. After splitting with Francioni, Morrison made an improved model in 1955 and sold it to the new toy company Wham-O as the “Pluto Platter”—an attempt

to cash in on the public craze over space and Unidentified Flying Objects (UFOs).

In 1958, a year after the toy’s first release, Wham-O—the company behind such top-sellers as the Hula-Hoop, the Super Ball and the Water Wiggle—changed its name to the Frisbee disc, misspelling the name of the historic pie company. A company designer, Ed Headrick, patented the design for the modern Frisbee in December 1967.

## Hotline for Human Services

Northampton County has a 24-hour Emergency hotline for all Human Services-related emergencies. Anyone struggling with a mental health crisis, abuse, neglect, suicidal thoughts, evictions, substance abuse, food insecurity, etc. can call 610-252-9060 for help and referrals.

## Appointments Required for Vaccines at LVHN

Lehigh Valley, Pa. (Oct. 29, 2021) – Beginning Monday, Nov. 1, Lehigh Valley Health Network (LVHN) will offer COVID-19 vaccinations, including booster shots, through appointment only. Walk-in vaccinations are no longer available at this time.

They have made this change in response to an increased demand for vaccines and booster shots, and in anticipation of the Pfizer/BioNTech vaccine receiving emergency use authorization (EUA) for children ages 5-11. Appointment-only vaccinations support the safety and experience of those receiving vaccines under our care, allowing our clinicians to adequately plan and prepare for the number of individuals expected at each location.

You can schedule an appointment for a booster dose or first dose by calling our vaccine hotline at 833-584-6283 (833-LVHN-CVD) Monday-Friday, 8:30 a.m.-5:30 p.m. or by using MyLVHN, our patient portal.
