# The Perils of Vaping Continue To Grow

Vaping, or the use of electronic cigarettes (e-cigarettes), has been a topic of concern and research in recent years. While it is often promoted as a safer alternative to traditional tobacco smoking, there is growing evidence to suggest that vaping is not without its risks. Here are some reasons why vaping can be considered bad for your health:

**Nicotine addiction:** Most e-cigarettes contain nicotine, which is a highly addictive substance. Nicotine addiction can lead to dependence and make it difficult for individuals to quit vaping. This addiction can have adverse effects on the brain, especially in young people whose brains are still developing.

**Respiratory issues:** Vaping has been associated with various respiratory problems. E-cigarette aerosols can contain harmful chemicals such as volatile organic compounds, heavy metals, and ultrafine particles, which can irritate and damage the lungs. This can lead to symptoms like coughing, wheezing, and shortness of breath.

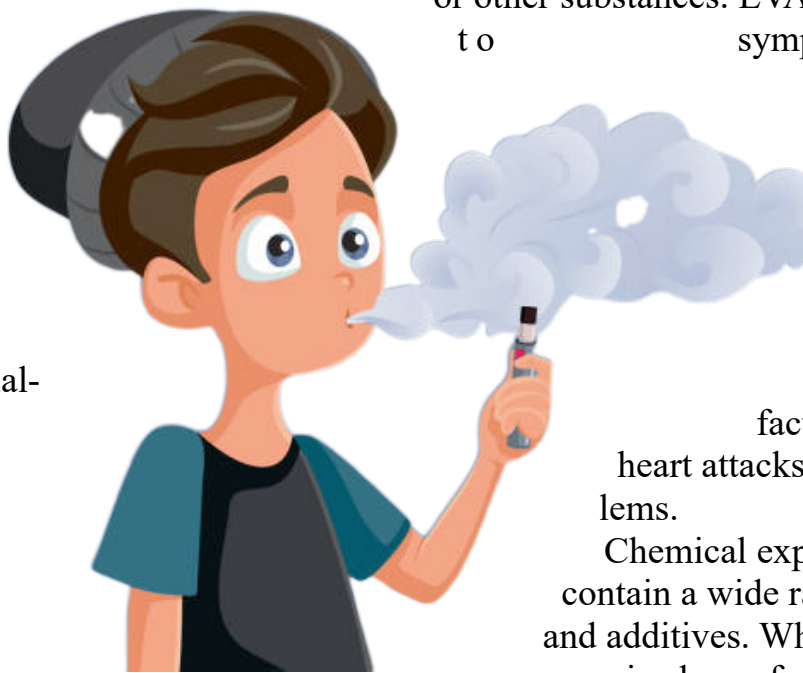

**Lung damage:** A condition called e-cigarette or vaping-

associated lung injury (EVALI) has emerged, primarily affecting individuals who use e-cigarettes containing tetrahydrocannabinol (THC) or other substances. EVALI can cause severe lung damage, leading to symptoms such as chest pain, cough, fever, and difficulty breathing. In some cases, it has even been fatal.

**Cardiovascular risks:** Vaping has been shown to have negative effects on the cardiovascular system. The inhalation of e-cigarette aerosols can increase heart rate, blood pressure, and the risk of blood clots. These factors can contribute to an increased risk of heart attacks, strokes, and other cardiovascular problems.

**Chemical exposure:** E-cigarette liquids and aerosols can contain a wide range of chemicals, including flavorings and additives. While some of these chemicals are generally recognized as safe for consumption, their safety when inhaled into the lungs is not well understood. Some flavorings used in e-cigarettes have been linked to lung toxicity and other health issues.

**Effect on youth:** Vaping has become popular among young people,

During 2020 – 2022, **sales** of **disposable e-cigarette devices** and **flavors** popular among youth **increased.**

# Recognizing the Legacy of Juneteenth Monday

## Official Holiday

Juneteenth (officially Juneteenth National Independence Day) is a federal holiday in the United States commemorating the emancipation of enslaved African Americans.

Deriving its name from combining June and nineteenth, it is celebrated on the anniversary of the order, issued by Major General Gordon Granger on June 19, 1865, proclaiming freedom for slaves in Texas.[

Originating in Galveston, Juneteenth has since been observed annually in various parts of the United States, often broadly celebrating African-American culture. The day was first recognized as a federal holiday in 2021, when President Joe Biden signed the Juneteenth National Independence Day Act into law after the efforts of Lula Briggs Galloway, Opal Lee, and others

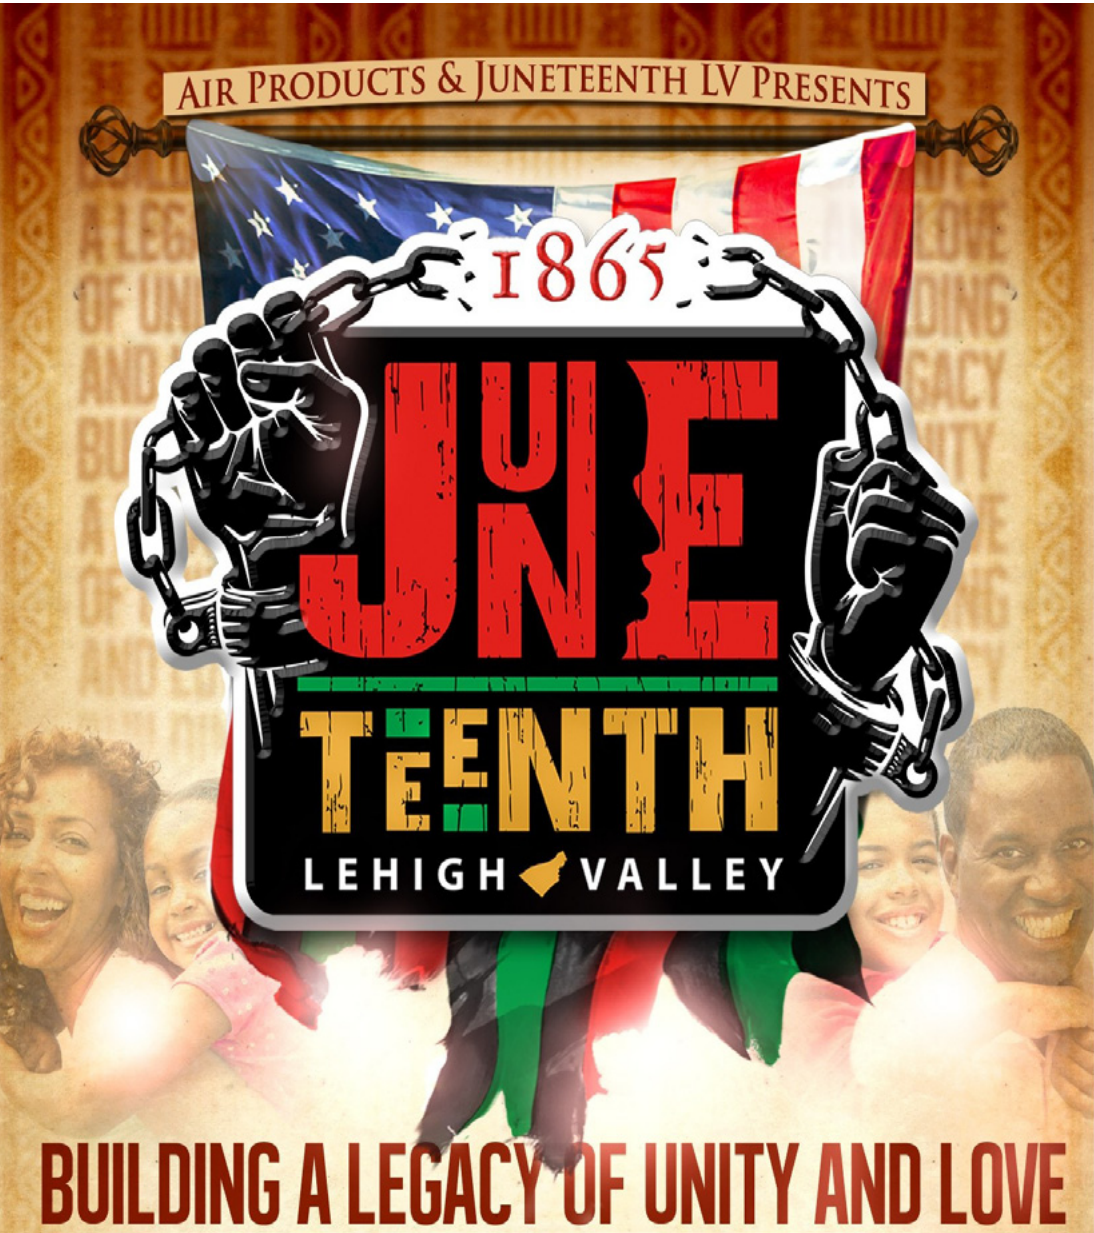

## Delaware Water Gap Area Evidence of Slavery in PA

As Juneteenth is inaugurated as a federal holiday, it is important to note that slavery was not exclusively a southern regional issue. Slavery existed within the park.

The Callahan House is believed to have been a stop on the underground railroad for freedom seekers. The Van Campen Inn, located on Old Mine Road, was the site of a working farm that enslaved people.

In New Jersey, it wasn't until 1846 that the state banned slavery and even then made exemptions for enslaved people to become "apprentices" and "to continue until such person is discharged." An 1850 Federal Census counted 236 enslaved people in the state including Caesar Soult, who was the last enslaved person to be counted in Sussex County. He was freed prior to his death on March 11, 1860. His age was unknown but "in the neighborhood of one hundred." The 1860 Federal Census lists it at 107.

As we observe Juneteenth, we acknowledge our past as we continue to work towards a more inclusive future.

## Juneteenth Parade In Easton

The Callahan House, also known as the Jacob Helm House, is a historic home located in the Delaware Water Gap National Recreation Area south of Milford, in Dingman Township, Pike County, Pennsylvania. It was built in two sections, with the older dated to about 1800 and the later to about 1820. It is a long, 1+1/2-story, clapboard-clad frame dwelling with a steep gable roof. It features exposed chimney backs at the first floor exterior in the Dutch style, and a porch along the newer wing.

It served as an inn, and is believed to have been a station on the Underground Railroad.

# Slate Belt Heritage Center Announces Winners For 20 Annual Preservation Awards

## Special Focus Award Hope Horn

The Special Focus Award goes to an individual who has shown exemplary actions in saving or conserving traditions or a body of knowledge and contributes to educational information. This award is to acknowledge individuals who have performed acts that promote and preserve the culture and heritage of the Slate Belt. This year's winner is Ms. Hope Horn. Ms. Horn was nominated back in February 2020 due to her continuous teachings of the 'Wool School' out of the former Oughoughton one-room schoolhouse in Richmond, PA.

Ms. Horn has spent countless hours in her school teaching classes on dying, spinning and weaving products from wool, while using her own sheep and goats, and doing all the sheering herself along with dying the wool with natural produces like goldenrod. She also sells products at the adjacent restored general store located next to the school. Ms. Horn has a passion for passing on educational information and conserving a traditional body of knowledge. For this, she has been nominated for the Special Focus Award for 20.

## Architectural Award Raymond DiFebo

The Architectural Award goes to an individual who has shown an exemplary act in saving or conserving a historic building, place or artifact where restoration is authentic to preservation. The award is to acknowledge individuals who have performed acts that promote and preserve the culture and heritage of the Slate Belt. This year's winner is Mr. Raymond DiFebo. Mr. DiFebo was also nominated back in February 2020 for his work taking the former pre-1900s Fosbinder Butcher Shop located in Martin's Creek and restoring it as a place of residence. The original store counter now rests in the kitchen. Additionally, the original posts and beams, block and tackle for moving carcasses, meat hooks, wainscoting and tin ceiling have also been retained, along with the storeroom for animal hides and the concrete smokehouse. Mr. DiFebo has preserved a historic building, as well as authentic and original artifacts. For this he has been nominated for the Architectural Award for 20.
