National Viet Nam Veterans Day

On March 30th each year, National Doctors Day honors the professionals for their dedication and contributions to society and the community. Their dedication puts the patient first time and again. On National Doctors Day, we say “thank you” to our physicians for all that they do for us and our loved ones.

Healthcare today is more complex than ever. With more advancements, tools, and information at their fingertips, doctors have an overwhelming job to diagnose and treat their patients every day. This is the day to honor the ones who see us 365 days a year. In every city and hospital, in our military, and in our rural communities, doctors pave the way to better healthcare for their patients.

Take the opportunity to thank your physician for responding to late-night phone calls, working long hours, and providing unswerving care. Today, more than ever, we know the sacrifices they make to put the health of their communities first.

President Ronald Reagan is Shot

On March 30, 1981, President Ronald Reagan is shot in the chest outside a Washington, D.C. hotel by a drifter named John Hinckley Jr.

The president had just finished addressing a labor meeting at the Washington Hilton Hotel and was walking with his entourage to his limousine when Hinckley, standing among a group of reporters, fired six shots at the president, hitting Reagan and three of his attendants. White House Press Secretary James Brady was shot in the head and critically wounded, Secret Service agent Timothy McCarthy was shot in the side, and District of Columbia policeman Thomas Delahanty was shot in the neck. After firing the shots, Hinckley was overpowered

and pinned against a wall, and President Reagan, apparently unaware that he’d been shot, was shoved into his limousine by a Secret Service agent and rushed to the hospital.

The president was shot in the left lung, and the .22 caliber bullet just missed his heart. In an impressive feat for a 70-year-old man with a collapsed lung, he walked into George Washington University Hospital on his own.

QUESTION OF THE DAY

The 1848 pamphlet known as The Communist Manifesto was written in which language?

And the answer: German.

Written by German philosophers Karl Marx and Friedrich Engels, The Communist Manifesto discusses the nature of society and politics. It includes the famous sentence, “The history of all hitherto existing society is the history of class struggles.”

In 1847, when Engels and Marx began writing the Communist Manifesto, Socialism and Communism were not yet clearly defined concepts. Philosophers and politicians each had their own ideas about what the terms meant, and each sought to address the problems brought about by a fully blooming Capitalist society.

Reflections on the Water

Friends of Minsi Lake cordially invites the public

to an exhibit of local photographer Lisa Newberry's beautiful images of Minsi Lake at Bangor Area High School Performing Arts Theater from 5:00-7:00 p.m. on Saturday, April 23. The theater is located next to the baseball field at 123 Five Points Richmond Road, Bangor, PA 18013.

Sixteen photographs of Lisa's choice will be framed and mounted on display panels on the theater balcony, while many more of her photos of scenery at Minsi Lake will be shown on continuous loop inside the theater.

"I started spending many early mornings at Minsi to find peace and connect with nature," Newberry said. "In those times, I find such an appreciation for the beauty and wonder all around the lake. The camera became a tool that opened my eyes to the things we tend to overlook in our busy day to day lives."

Complimentary refreshments will be served on the theater balcony, from with amazing views of Blue Mountain and Delaware Water Gap. The photo exhibit is free-of-charge. However, Friends of Minsi Lake accept donations to support their efforts to improve natural and recreational resources at Minsi Lake and the Minsi Lake Greenway.
