National Get Over It Day

Each year on the 9th of March, people across the country observe National Get Over It Day. Just as it implies, the day is to do exactly that, GET OVER IT.

“It” may be a variety of things. Sometimes we need to get over the small things like spilled milk or traffic. Even news such as being passed over for a promotion, poor grades, or an argument with a family member shouldn’t cause us to live our lives in a state of misery forever.

How To Observe #NationalGetOverItDay

- Don’t fume over something minor any longer.
- Settle the score with yourself and your burden will feel lighter.
- Say goodbye to the worry of the “if onlys” and “what ifs” and look forward to days with a more positive attitude.
- Host an obstacle course race and see who gets over the objects in their path the fastest.
- Get over that cold that’s been nagging you for weeks.
- Has something trivial been weighing on your mind? Get over it and use #NationalGetOverItDay

The Barbie Doll Makes Its Debut

On March 9, 1959, the first Barbie doll goes on display at the American Toy Fair in New York City.

Eleven inches tall, with a waterfall of blond hair, Barbie was the first mass-produced toy doll in the United States with adult features. The woman behind Barbie was Ruth Handler, who co-founded Mattel, Inc. with her husband in 1945. After seeing her young daughter ignore her baby dolls to play make-believe with paper dolls of adult women, Handler realized there was an important niche in the market for a toy that allowed little girls to imagine the future.

Barbie’s appearance was modeled on a doll named Lilli, based on a German comic strip character. Originally marketed as a racy

gag gift to adult men in tobacco shops, the Lilli doll later became extremely popular with children. Mattel bought the rights to Lilli and made its own version, which Handler named after her daughter, Barbara. With its sponsorship of the “Mickey Mouse Club” TV program in 1955, Mattel became one of the first toy companies to broadcast commercials to children.

QUESTION OF THE DAY

How many keys are on a standard piano keyboard?

And the answer: 88.

Of the 88 keys found on a standard piano, 52 are white and 36 are black. The earliest pianos had fewer keys, but in the 1880s, the piano manufacturer Steinway was the first to popularize the 88-key piano.

The piano has come a long way since its invention in 1709. Originally known as the pianoforte, which means soft (piano) and loud (forte), the first pianos were so expensive that, for nearly a century, only aristocrats and royalty owned pianos. Today, nearly 20% of Americans have a piano on their home.

Pianos are some of the most intricate instruments. A single piano has over 12,000 parts, 10,000 of which are moving

The commercial ice industry utilized huge icehouses to store the harvested ice for distribution by the iceman to customers. In addition, many farmers constructed small icehouses that were filled with ice for their own use to preserve food. Guest speaker Bill Leonard, Jr. will cover the history of ice harvesting, the tools used, how ice was harvested, and a local ice harvest that continues today.

Hotline for Human Services

Northampton County has a 24-hour Emergency hotline for all Human Services-related emergencies. Anyone struggling with a mental health crisis, abuse, neglect, suicidal thoughts, evictions, substance abuse, food insecurity, etc. can call 610-252-9060 for help and referrals.

Appointments Required for Vaccines at LVHN

Lehigh Valley, Pa. (Oct. 29, 2021) – Beginning Monday, Nov. 1, Lehigh Valley Health Network (LVHN) will offer COVID-19 vaccinations, including booster shots, through appointment only. Walk-in vaccinations are no longer available at this time.

They have made this change in response to an increased demand for vaccines and booster shots, and in anticipation of the Pfizer/BioNTech vaccine receiving emergency use authorization (EUA) for children ages 5-11. Appointment-only vaccinations support the safety and experience of those receiving vaccines under our care, allowing our clinicians to adequately plan and prepare for the number of individuals expected at each location.

You can schedule an appointment for a booster dose or first dose by calling our vaccine hotline at 833-584-6283 (833-LVHN-CVD) Monday-Friday, 8:30 a.m.-5:30 p.m. or by using MyLVHN, our patient portal.

Think Spring! Trout Stocking Schedules Available

The Pennsylvania Fish and Boat Commission (PFBC) announced this week its 2022 trout stocking schedules are now available online (<https://www.fishandboat.com/Fish/Stocking/Pages/default.aspx>) and on the FishBoatPA mobile app.
The PFBC will stock approximately 3.2 million adult trout in 696 streams and 128 lakes open to public angling. This includes approximately 2.2 million Rainbow Trout, 686,000 Brown Trout and 293,000 Brook Trout. As with past practice, the average size of the trout produced for stocking is 11 inches in length with an average weight of 0.58 pounds.
Volunteers will once again be welcome to participate in stocking activities. Stocking is set to begin the week of Feb. 21 in advance of the statewide Mentored Youth Trout Day on Saturday, March 26, and the statewide opening day of trout season on Saturday, April 2.
The 2022 adult trout stocking schedule is searchable by county, lists the waterways in alphabetical order, and indicates stocking dates and the species of trout that will be stocked.
