About the May 26

# SUPERMOON

This full moon is known as the:

Full Flower Moon

Frog Moon

Milk Moon

Planting Moon

Native Americans and Europeans named these moons for events that happen this time of the year.

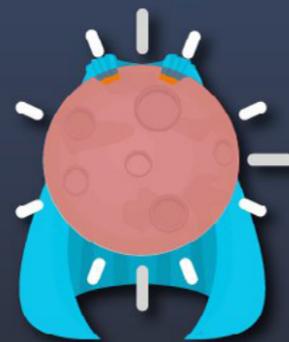

## Super Flower Blood Moon

This supermoon will be the biggest and brightest of the year! The Full Flower Moon also will coincide with a total lunar eclipse when the moon passes through Earth's shadow and turns reddish in color.

### Best Time to Enjoy:

This full moon reaches peak illumination at 7:14 A.M. (EDT) on Wed., May 26, but it will be close to or below horizon at this time. Plan to view Tues. night (May 25) or Wed. night to take in this big, bright moon.

Unfortunately, we won't be able to view the total lunar eclipse because it will happen as the moon sets in Pennsylvania; but it will still be the biggest and brightest full moon of the year.

This service is intended for those who lack computer or internet access. AAA staff members will make 100 appointments per clinic date. Vaccination clinics will be held at the Wind Creek Event Center at 77 Wind Creek Blvd. Bethlehem, PA.

Residents of Bethlehem City and Northampton County who are age sixty-five and older can call 610-865-7092 to schedule an appointment for a vaccination. AAA employees will also assist with registration at the Wind Creek clinics.

To register, go to Get Your Tail on the Trail.

"Get Your Tail on the Trail" participants register for free as an individual or as part of an organization and log the miles doing a continuous activity for 10 minutes or more. While the program doesn't require participants to exercise exclusively on the 165-mile D&L Trail, it is a great centerpiece resource. The trail stretches from Wilkes-Barre to Bristol, Pennsylvania.

In addition to the 165-Mile Challenge that runs each May to November, there are special events throughout the year, including bike and hike outings, health fairs, history walks and more. Since we launched in 2013, close to 10,000 participants have logged over 5 million miles.

Those who complete the challenge receive a reward. Past rewards have included t-shirts, hats, backpacks, and rain ponchos.

"Our goal is straightforward: To get people outside and get them active," says Kathy Ramson, St. Luke's Network Director for Healthy Living and Chronic Disease.

"We want people to be physically active because it is one of the best ways to prevent chronic disease. There's a good deal of data that show that if you exercise 150 minutes a week, you're going to have better health outcomes overall."
