Library's Foreign Language Vocabulary Builder

The Bangor Public Library announces that it has added LingoLITE to its online reference offerings which helps users learn basic words and phrases in 30 languages using interactive native speaker videos.

"Foreign language training and references are very popular at the library, but in the past, we've never been able to offer one source for learning so many languages using such an interactive video format, so we're very excited to offer this database to our patrons," says Kathleen Lynch, Director at Bangor Public Library.

LingoLITE is a vocabulary builder and contains thousands of native speaker video clips in 30 languages including Spanish, French, Italian, German, Chinese, Japanese, Chinese, Farsi, Hindi, German, Swahili, Thai, and 18 others. Anyone can access LingoLITE using the library's computers, or from anywhere in the world from the library's portal at www.bangorlibrary.org with their library card.

LingoLITE was designed anyone who wants to learn basic terms and phrases in a new language. The resource has glossaries for greetings, introductions, food, transportation, relations, numbers, and more.

This is an example of the Library's mission to increase its coverage of topics that are of interest to its diverse population of patrons young and old.
